

Information about RoHS - Restriction of the use of certain hazardous substances in electrical and electronic equipment

Vienna, 7. December 2020

Dear valued customer,

referring to the RoHS directive 2011/65/EU, issued on 8. June 2011 we declare:

Products manufactured and distributed by Lunatone Industrielle Elektronik Ges.m.b.H. are compatible with the limits in the current RoHS requirement (unless otherwise expressly signed) which are given in Annex II of the directive:

- Lead (0,1 %)
- Mercury (0,1 %)
- Cadmium (0,01 %)
- Hexavalent Chrom (0,1 %)
- Polybrominated Biphenyls (PBB) (0,1 %)
- Polybrominated Diphenylether (PBDE) (0,1 %)

They will be also compatible with the limits coming into effect on 22. July 2019:

- Di(2-ethylhexyl)phthalat (DEHP) (0,1%)
- Butylbenzylphthalat (BBP) (0,1 %)
- Dibutylphthalat (DBP) (0,1 %)
- Diisobutylphthalat (DIBP) (0,1 %)

In case of special queries please contact us for further information.
